Tom,

Of the several Chevy Silverado 1500 pickups we have received to date the pricing is between \$40,700 - \$44,600. It depends on any incentives they have at the time they arrive at the dealerships. That being said, the pricing I gave you for the Dodges could fluctuate slightly one way or the other also. The Chevy 1500 should be here next week. I'll keep you posted on the Dodges.

Let me know if you have any questions.
