FROM (DEPT/ DIVISION): UCSO Search and Rescue (SAR)

PROGRAM: 1560

SUBJECT: Request to purchase wheeled rescue litter

<p><u>Background:</u></p> <p>The UCSO SAR Advisory Board is recommending the purchase of a wheeled rescue litter device to help transport injured or otherwise immobile persons from remote locations.</p> <p>We received a quote from Cascade Rescue for a device that will meet our needs, and request to purchase it with funds in the SAR Expense budget.</p> <p>Last month, SAR responded to an ATV crash in the Winom Frazier OHV Recreation area near Ukiah. After they located the injured person, a six-person team carried the person along a narrow ATV trail for over a half mile before they could transfer to a motorized vehicle. This device could have made that task easier and more expedient.</p> <p>The SAR Expense budget will support this purchase.</p>	<p><u>Action Requested:</u></p> <p>Approve purchase of Ultimate Advance Series Litter Package #24 and related equipment from Cascade Rescue in the amount of \$5, 951.</p>
