Program Name:	Sex Offender Treatment
Program Description:	Offenders are assigned by the releasing authority to enter and complete sex offender treatment. Offenders will be referred to a specialized sex offender evaluation with an independent evaluator. If deemed appropriate they will be referred to Contracted specialists whom provide group therapy, individual sessions, and updated techniques related to the offender's thinking errors and aberrant behavior. As part of the therapy process, polygraph, and plythesmograph testing are used for the assessment and monitoring of offender sexual deviance, and for the protection of the community and potential victims. A Sex Offender Supervision Team will meet regularly to provide oversight for all supervision aspects as it relates to the program.
Program Category:	Behavioral Health Tx Services - Sex Offender Tx
Program Objectives:	The program will enhance public safety by providing offenders a structural treatment program that addresses criminal thinking and sexual deviant issues. Evidence based approaches to treatment and reducing criminal behavior will be utilized and measured on a monthly basis. The program along with supervision will provide a containment model and will reduce recidivism by impacting offender's behavior in the community. Focus will be given to enforce participation in programs designed to address identified needs of the offender. The Sex Offender program will comply with all outcome measures identified in the Intergovernmental Agreement. A complete evaluation tracking system will provide necessary data to measure compliance with the stated objectives.

Program Name:	Day Management
Program Description:	<p>This program is designed as a "motivational tool" for offenders struggling to demonstrate substantial periods of compliance which offers a treatment component delivering cognitive restructuring curriculum via MRT (Moral Recognition Therapy) Carey Guides, University of Cincinnati, Substance Abuse curriculum, and gender responsive treatment for females called Moving On. Where appropriate other curricula may be used to enhance motivation and bring about positive change. Community Corrections staff will identify those criminogenic needs which have led to non-compliance issues in the community with a focus on cognitive distortions. A case plan will be generated via this process and with the input of the offender. Facilitation will be through the use of the EPICs and MRT model and participants will be engaged in a range of treatment interventions, activities and education to adequately address their individual needs and responsivity issues. Completion of individual goals associated with the case plan and or completion of "Step 3" within the MRT curriculum will determine completion.</p> <p>In addition this program will have two PO Tech's assigned. These staff will be trained in the variety of curricula mentioned above. Their intended purpose will be to augment these services as well as provide for our general cognitive skill building needs for the entire supervised population.</p>
Program Category:	Behavioral Health Tx Services - CBT
Program Objectives:	This program will enhance public safety by addressing the criminogenic needs and responsivity issues of those of the highest risk to re-offend. This program will be an intensive program that determines the individual needs of each offender and requires strict compliance in the process of working on both individual needs and barriers to their success
