

- denotes set 5/8" x 30" iron pin with aluminum cap stamped PLS 933
- denotes find 5/8" origin unknown
- denotes find 3/4" O.D. iron pipe set by Streamer
- denotes find 3/4" O.D. iron pipe appears to be original of Plot
- r denotes record distance
- m denotes measured distance

NARRATIVE:

The purpose of this survey was to establish the boundaries of Lot 2 in Block 4 of Black's Addition in Milton-Freewater. Mr. Edwards had hired Mr. Streamer to establish the boundaries. The pipes set by Mr. Streamer are shown. Mr. Edwards and I contacted Mr. Edwards asking him to verify that his points were correct although they did not existing buildings and fences. I searched for and found the 3/4" O.D. iron pipes as shown. The distances measured between them agreed with the original plot distances. Angles were turned as shown to set the pin at the Southeast corner and verify the pipe found at the Southwest corner.
