

NARRATIVE

The purpose of this survey was to establish the boundaries of a 6 foot by 10 foot area for Pacific Northwest Bell. The phone company asked for the plot to be 65 feet South of an existing fence line and 4 feet West of the curb line on the West side of Confederated Way, a private street. Bearings are based on a survey for Pendleton Flour Mills, Um. Co. Surveyor No. 85-49-C as shown by the ties to that survey.
