**NARRATIVE**

The purpose of this survey was to establish a 7.5 acre parcel in the northerly part of a parcel of land belonging to Ruth Sampson in that portion of the southwest quarter of Section 24, Township 4 North, Range 35 East, N.M. The West line is established by County Road No. 891, ties were made to the existing centerline of the pavement and used to determine the right-of-way. The North line of the parcel is the South right-of-way line of County Road No. 891. From the Department of Transportation, we were able to secure a copy of a drawing prepared in August of 1939 that showed the original layout of the gravel pit. Utilizing data from that drawing and ties to the fence line, we were able to establish the North line where it runs along that portion released by the County to the State 29443. We used ties to the West quarter corner of Section 24 which was a stone, and a 5/16" W monument 90 feet left of PS Sta. 1074-54.56, to establish the bearing base and the alignment for Oregon State Highway No. 11 as shown. This alignment agreed with the August 1939 drawing for the location of said North line. The East line of this parcel is the existing fence line along the West line of the state gravel pit. The South line was set to give the total acreage of 7.50 acres. Bearings are Oregon North Zone Grid, bearings based upon OSMD drawing No. 7B-29-4 part 1.

- denotes set 4" x 30" iron pin with aluminum cap stamped PLS 933
- denotes find State Hwy B/W disc in cone as called for on OSMD Drwg No. 7B-29-4 Part 1
- denotes find stone as called for on OSMD Drwg No. 7B-29-4 Part 1
