

ADJUSTMENT DETAIL No. 1
SCALE 1" = 300'

Note: The "approximate" 16th corner called for on survey 09-058-C bears N26°39'23"E 2.20 feet from the true 16th corner location.

Tax Lot 2N27 200
Beginning Acres = 476.02
Adjusted Acres = 478.80

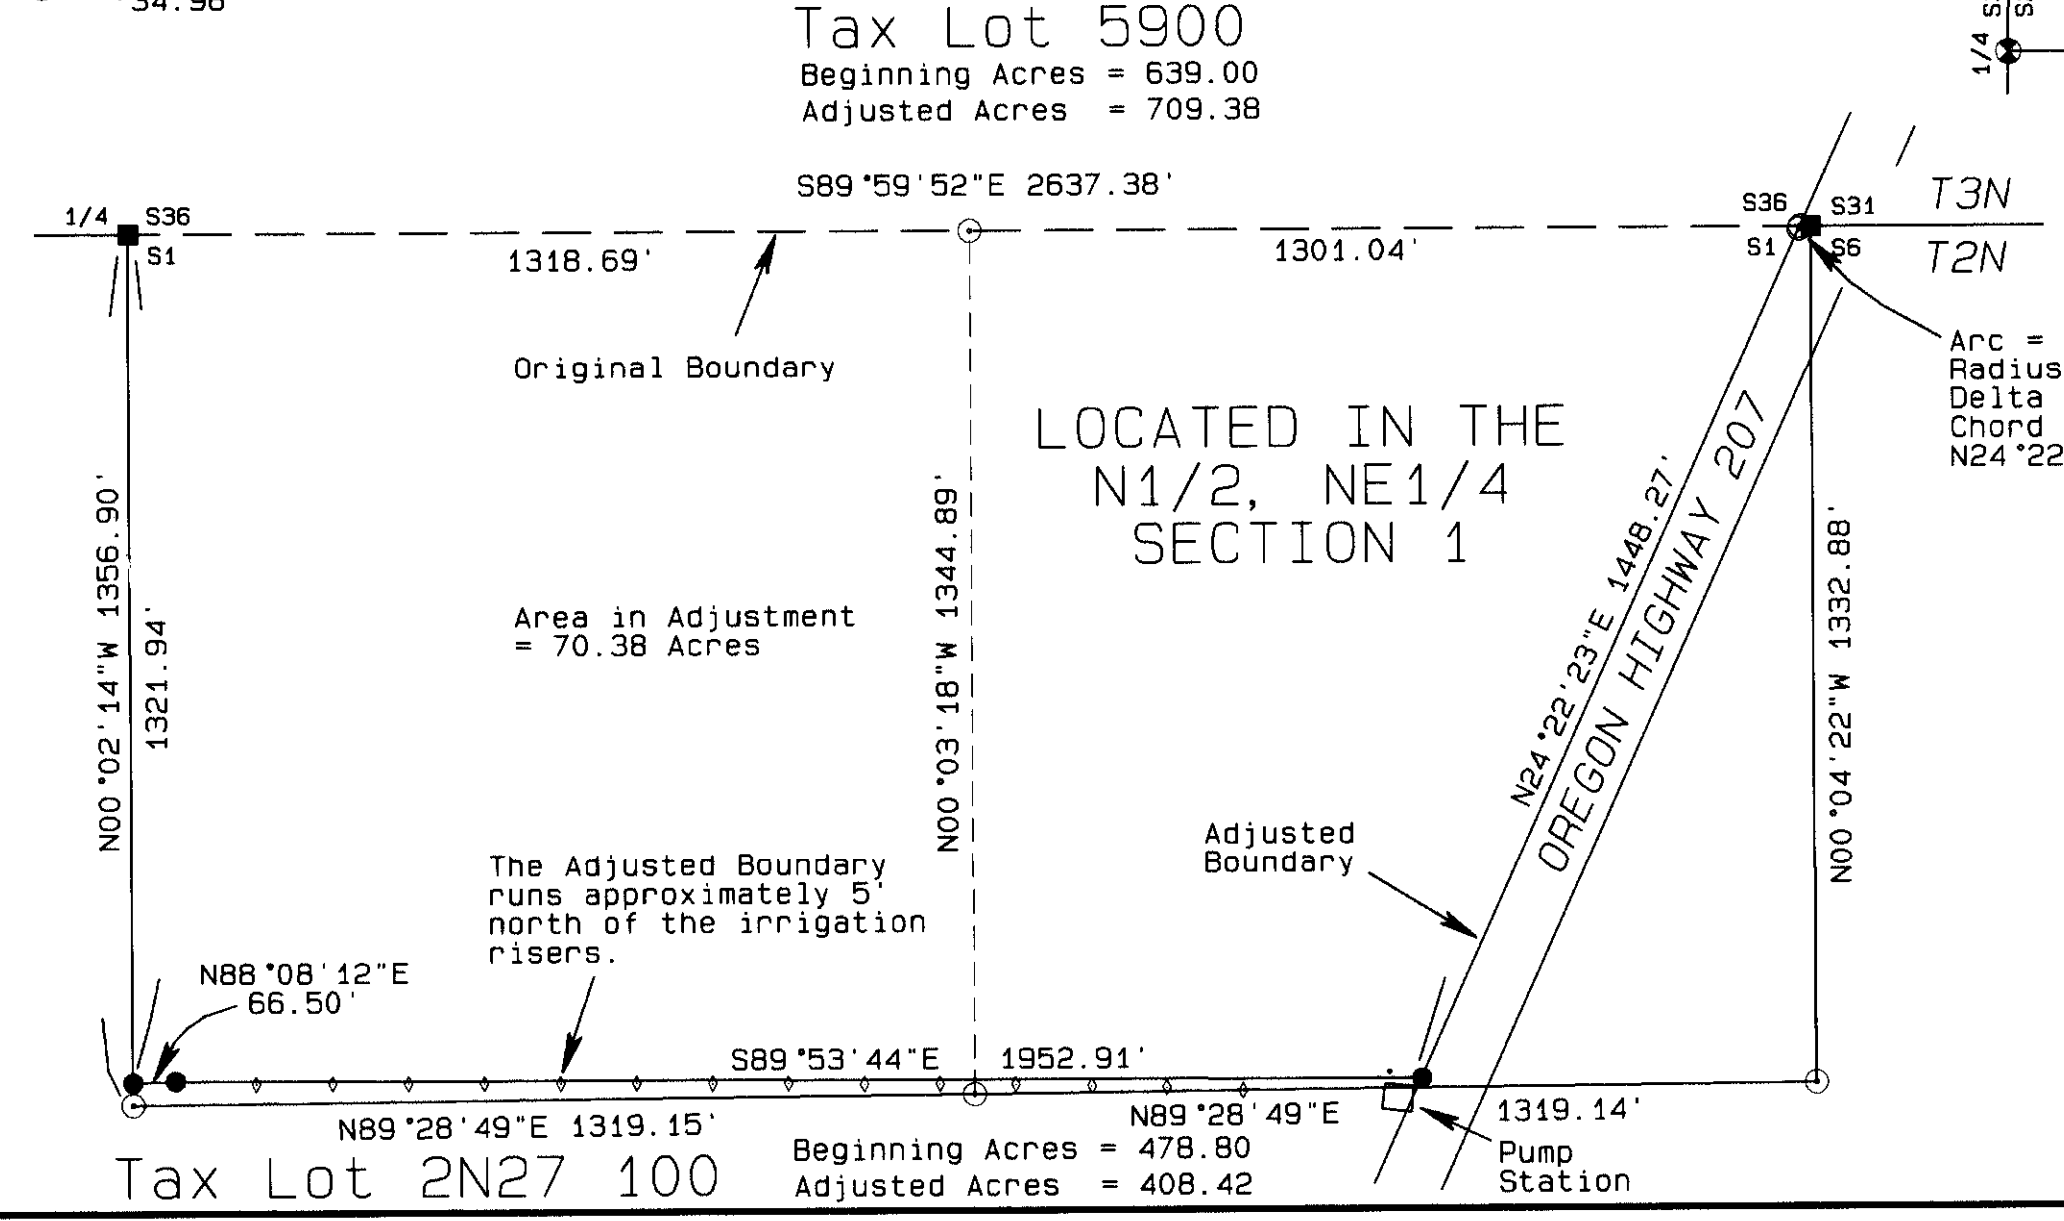

NARRATIVE OF SURVEY

This survey was performed at the request of Mr. Kent Madison. The purpose of the survey was to identify the boundaries between the Madison Ranches and Hale Farms properties to be able to provide accurate information for use in the two boundary adjustments shown on this map of survey.

The monumentation for the sections in Township 3 North was found in good condition as per the 1938 Survey by Gould and the more recent surveys by Edwards. The monumentation for the corners in Section 1, Township 2 North was post and pit and falls either in farmed fields or roadways. In survey L-42-A, Dave Krumbain held fence corners as evidence of the SW and SE corners of Section 1. And, in survey 09-68-C, Denny Edwards held a position for the West Line of Section 1 based on holding a point for the SW corner of Section 12 as determined by the intersection of field lines and an irrigation ditch. Denny labeled the corners that he computed in Section 1 as "approximate". The approximate corners from Denny's survey fall within 4 feet of the positions determined by the evidence held by Krumbain, so I have held the Krumbain survey as the best available evidence to locate the corners for Section 1. I calculated the remaining positions in Section 1 as per the Manual of Instructions. I held the location of Highway 207 as shown in survey 91-34-C.

Note: the purpose of the adjustment between Tax Lots 100 and 200 (DETAIL 1) is to move the property line to the existing fence. The purpose of the adjustment between Tax Lots 100 and 5900 is to complete a trade between owners that would mutually benefit the operations of both properties.

ADJUSTMENT DETAIL No. 2
SCALE 1" = 300'

Tax Lot 5900
Beginning Acres = 639.00
Adjusted Acres = 709.38

Tax Lot 2N27 100
Beginning Acres = 478.80
Adjusted Acres = 408.42
