

Report Survey and Plat of Road from Irelands Crossing
to

Rd # 46

Reed & Hawleys mill.

State of Oregon
County of Umatilla 355

To the Honorable County Court of Umatilla County Oregon

In the matter of the location of a County Road commencing at a point 20 rods South of the center of Sec 34 in Township 4 N R 35 E on the County Road running from Irelands crossing on the Walla Walla River to Reed and Hawleys mill running South to the Reservation eve the undersigned beg leave to report as follows after being duly sworn on the 5th day of March 1875 in company with the County Surveyor and a requisite number of assistants, proceeded to view survey and otherwise mark out said road as the law directs and in accordance with the order of said Court, the ground which the survey passes over is a gradual descent and could be made a good road without a great deal of grading but in running South from said initial point as per instructions the survey of the road may not conform with the Government surveys and may damage some parties considerable would therefore recommend the road to be opened on the line between Mr. Allen & Mr. Johns to correspond with the original government surveys, dated at Weston March 6th 1875
