

## Report Survey and Plat of Road from Crow Road

Rd #42

To

Reed and Hawleys Road

Rd #42

To the honorable County Court of Washtenaw County, Oregon  
 In the matter of the location of a County Road from  
 Crow Road to Reed and Hawleys Road we the undersigned viewers  
 beg leave to make the following report. We find the road to five  
 miles long and the ground which the road passes over to be most-  
 ly level, with the exception of a slight hill at the crossing of  
 Pine Creek which could be easily fixed without a great deal  
 of work we would therefore recommend the road to be located  
 as a County Road and consider the same to be "pro bono publico"  
 Weston July 19, 1875
