

Rd #92 Report Plat + field notes
of County Road from Sherkings
Flat Road down Vansycle
Canyon to State line

We the undersigned viewers
on a Road leading from Sherkings flat down Vansycle
to state line, would respectfully report that we met at the
time and place appointed by County Court for Unatilla
Co Oregon and calling Jno + Jos. Stokman to act as chainmen
and B. F. Raley to act as marker who were each qualified
together with the undersigned by Jno C Arnold, Deputy
Co Surveyor. We proceeded to view out and cause the
survey of the above described Road. We find the road
located on as good ground as possible, and consider
it quite a practicable one and much needed, and
would, therefore recommend that the petition for said
Road be granted. There is one man Mr. Longley who
desires the Road to run by him on the South and West
instead of on the East and North as petitioned for. This
would leave the road on fully as good ground and
the distance is the same; this matter was taken notice
of by the surveyor in his notes, and will be brought
to your notice more fully by him.
