the same being a contested point. I proceed to Gov. Cor. for Sec's 17. 18. 19 & 20. find charred stake (in state of decay) mound, pits &c. I reset basalt stone 6 x 6 x 15 inches. 6 dim notches on E. cut with spade, thence I run East 40. 20 chs. along fencing — on random — finding no corner. set temp ¼ S. cor. and continue line 80. 40 chs. along traveled road in lane. failing to find cor. for Sec's 16. 17. 20 & 21, I proceed to establish it as follows: after setting Temp Cor. last named. I find Gov ¼ S. cor. bet Sec's 20 & 21 charred stake mound & pits; I set in place of stake, a basalt stone 6½ x 8 x 18 ins. marked ¼ on N. side, and run, thence Va. 20° 50' E. North 40. 00 chs. set 2. Temp Cor. 2 lks West of 1 Temp cor. said Sec's. 16. 17. 20 & 21, — North 80. 00 chs. find no corner — set Temp ¼ S. cor. bet Sec's 16 & 17 and continue along trav road in lane — North 119. 43 chs. find Gov. cor. for Sec's 8. 9. 16 & 17 in crossing of roads N & S. and E & W. Pecks School House bears S. 46° W. 182 links. The charred stake being in state of decay, I set in mound a basalt stone 7 x 12 x 23 ins. marked 4 notches on E. and 2 notches on N. — I also set basalt stone 7 x 12 x 23 ins marked 4 notches on E. and 3 notches on S. corners. in mound in cor. of field 19 links S. of Tem. cor. for Sec's 16. 17. 20 & 21, for Perm. Cor. for. said sections. I find the line from this cor. to cor for Sec's 17. 18. 19 & 20 to bear S. 89° W. I therefore set basalt stone 3 x 6 x 13 ins. marked ¼ on N. side. one link W. of Tem. Cor or 40. 19 chs. from either N. cor. to said Sec. 20. and on line bet same for Perm ¼ S. cor. as described. While setting this corner, the original Gov. charred stake was dug up about 30 inches S. W. of pt. I established and I reset stone in fact original Gov. cor.)

I am now prepared to set Perm. ¼ mile post. SS. sawed fir. as before described. marked I V M. and set about 30 lks. E. of line run N & S. through center Sec. 20 or R. C. — North 2. 77 chs. along said N. & S. line — ¼ S. cor. N. bndry Sec. 20 Set A. S. in mound about 10 ft W. of R. C. — East 42. 96 chs. cor. for Sec's. 16. 17. 20 & 21. T 3 N. R 3 E. There being no trouble about the road beyond this point, I conclude the survey.

    Oct 25" 1884.

                        Jno C. Arnold,
                              Surveyor
