

ROAD NO

308.

Road No 308

Report of Viewers, Field Notes and Plat of Survey of a County Road beginning at center of Sec 15 T6 N. R 34 E and ending on State Line in Sec 14 T6 N. R 34 E. W. M.

Report of Viewers

To the Hon. County Court, Umatilla County, Oregon.

We, the undersigned, your appointed viewers on County Road No 308 and beg leave to submit the following report:

We met Jno C. Arnold, County Surveyor at the times and places specified in our notices of Road Viewers appointment on said road, and viewed out and surveyed as prayed for by the petitioners for the same, taking the care to find each point, corner and line referred to in our said notices of appointment.

We find Road 308 to be located principally on subdivisional lines, upon comparatively good ground and needed as an outlet into Washington Territory by means of the State north boundary line which is its terminus, therefore we would recommend that said road 308 be declared a public highway in accordance with the prayer of the said petitioners and our survey of the same.

P. E. Hoon
J. Beauchamp
J. S. Hodgen

Field Notes

of Road Survey No 308, for Umatilla Co. Or.

I reach point of beginning of Road 308 on the evening of June 11th 1888 a few minutes after the viewers of said road Jno C. Arnold, J. S. Hodgen and J. Beauchamp had separated and gone away, finding that in order to find each point of beginning, which is in question, I am to subdivide Sec. 15, T6 N. R 34 E. into its quarters, I call J. E. McCoy and Harvey E. Young to act as chain carriers and W. S. Goodman to act as flagman, and guided by the notes of the original surveys, I proceed according to law, to find center of said Sec 15, by finding the quarter corners on the four sides thereof, and then connecting opposite corners by right lines and noting the point of their intersection. Before completing the work of finding center of Sec 15, on the morning of June 12th 1888, I meet viewers, as above named, and qualify each to act as Road viewer on each of the roads 308 and 309 for Umatilla Co. Oregon, we call J. E. McCoy and Herman Martman to carry the chain and Christian Harne to mark, who were each qualified by me and the work of subdividing said Sec 15 was completed, upon reaching the section in Road Survey No. 309.
