

DEPARTMENT OF INTERIOR

OFFICE OF INDIAN AFFAIRS-

Public Roads

WASHINGTON.

Apr-6, 1910.

Edward L. Swartzlander,
Superintendent Umatilla Indian School,
Pendleton, Oregon.

Sir:

Referring to your letter of March 22, 1910, on April 2 the Department approved the application of the County Court of Umatilla County, Oregon, forwarded by Special Agent McChesney with his letter of May 17, 1909, for permission to establish public roads across Umatilla Indian lands, and the accompanying map as amended by the map transmitted by you on March 22.

The petition was approved subject to the regulations prescribed by the Department on August 2, 1906, regarding the driving of stock across the reservation lands, so far as the roads applied for are identical with the trails referred to in the regulations; that is, the driving of stock must be confined to the original trails and subject to the same conditions as formerly.

The schedule showing damages to Cayuse allotment No. 11 and Walla-Walla allotment No. 461 was also approved.

You are requested to collect from the county authorities the sum of \$70.00 and apportion it to the allottees.

There are inclosed a copy of approved Office Letter of April 1, 1910, and a copy of approved schedule.

Very respectfully,

(signed) John Fromis Jr.
Acting Chief Land Division.
