BASIS OF BEARINGS:

Bearings on this drawing were based on the record bearing for the line between sections 10 and 15 as shown on the West View Addition Plat. This line was determined to be the line between the found pin on the centerline of S. W. Marshall and the found pin at the southeast corner of Lot 2, Block 2, West View Addition.

SURVEY EQUIPMENT:

This survey was performed with a **Geodimeter System 600** electronic total station.

NARRATIVE:

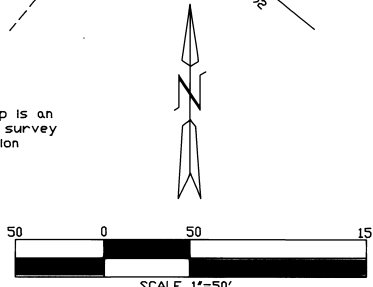

This survey was performed at the request of Mr. Mike Arbogast. The purpose of the survey was to adjust the boundaries of the parcel surrounded by the West View Addition, the Sunset West Addition and Partition Plat 1994-19. The lines were adjusted Lot 1, Block 2 of Sunset West Addition and the land locked parcel and between Parcel 3 of Partition Plat 1994-19 and the landlocked parcel. The record plats, deeds and found monuments of the two additions and the partition plat referenced above were used as the basis for this survey.

I hereby certify that this map is an accurate representation of a survey made under my direct supervision during July of 1996.
