

Subdivisional Lines, T.3 N., R.38 E., W. M.

Chains	Feet
<p>At intersection, set fir post, 3 ft. long, 4 ins. sq., 24 ins. in ground, for Closing Cor. to Secs. 5 & 6, marked C.C., T.3 N., R.38 E. on S., S.5 on E. & S.6 on W. faces, with 5 grooves on E. & 1 groove on W. sides, from which</p> <p>A spruce, 7 ins. diam., brs. S.75°E., 26 lks. dist., marked T.3 N., R.38 E., S.5, B.T.</p> <p>A fir, 8 ins. diam., brs. S.29°W., 33 lks. dist., marked T.3 N., R.38 E., S.6, B.T.</p> <p>From this Cor., the $\frac{1}{4}$ Sec. Cor. on S. Bdy. of Sec. 32, T. 4 N., R.38 E., which is a post, marked & witnessed, as described by the Surveyor-General, brs. E.200 lks. dist.</p> <p>Land; mountainous.</p> <p>Soil; 2nd rate.</p> <p>Heavily timbered with fir, spruce & tamarack.</p> <p>Dense undergrowth of willow & alder.</p> <p>Mountainous land or lands, heavily timbered or covered with dense undergrowth, 70.57 chs.</p> <p style="text-align: right;">Sept. 11, 1903.</p>	
<p>General Description.</p> <hr/> <p>This Tp. is located in the Blue Mt. Range. The summit of the Blue Mts., the dividing line bet. Union & Umatilla Cos., extends N. & S. through the Tp., & has an elevation of 4500 to 5300 ft. above sea level.</p> <p>The land is wholly mountainous, cut by two deep canyons & numerous gulches & spring branches, & is fit only for grazing purposes, being unfit for agricultural lands.</p> <p>The timber is mostly fir, black pine, interspersed with tamarack, spruce, broken by open glades & burnouts of dead & fallen timber. The timber is valuable only for wood & fencing, except in Sec. 6, which has some good saw timber, about 25 percent of Tp. has been burnt over in recent years by forest fires.</p> <p style="text-align: right;"><u>John W. Kimbrell.</u> - U.S. Deputy Surveyor.</p>
