

E. Bdy., T 5 N R 37 E W M.

Chains	<p>40.70 Set post for temp. $\frac{1}{4}$ Sec. Cor.</p> <p>80.70 Intersect Tp. line, N. Bdy. of Tp., 170 lks. W. of Cor. for Tps. 5 & 6 N., Rs. 37 & 38 E.; from which Cor., I run S.1°13' W. on true line.</p> <p>6.70 Top of hill.</p> <p>40.00 Set post for $\frac{1}{4}$ Sec. Cor.; from which A white fir, 12 ins. diam., brs. S.50°E., 21 lks. dist. A white fir, 6 ins. diam., brs. N.80° W., 71 lks. dist.</p> <p>72.20 Leave timber & enter wet prairie.</p> <p>80.70 Intersect Cor. for Secs. 1, 6, 7 & 12. Land; rolling, 2nd rate. Timber; pine, fir, tamarack & spruce. The line bet. Secs. 31 & 36, having been run a random line from the Cor. of 1, 6, 7 & 12. Oct.4, 1872.</p>
	<p>Retracement of part of W. Bdy., T 5 N R 38 E W M. As surveyed by Geo. R. & Wm. E. Campbell, U.S. Dept. Survey's. Under their joint Contract No. 699, Dated March 23, 1899.</p>
	<p>From the Cor. of T 5 N Rs. 37 & 38 E., before described, I run N. on blank line, W. Bdy. Sec.31; at 40.00 chs., the $\frac{1}{4}$ Sec. Cor. brs. E.75 lks. dist. and at 79.75 chs., the Cor. of Secs. 25, 30, 31 & 36 brs. E. 1 ch. 40 lks. dist. Therefore I continue my line N. and find no further trace of original survey; pr evidence that this part of the W. Bdy. has ever been surveyed.</p> <p>At 4 miles, 6 chs., 88 lks., intersect S. Bdy. of Sec. 7, 4 chs., 33 lks. E. of Cor. of Secs. 7, 12, 13 & 18. The field notes furnished by the Surveyor General do not correctly describe the topography of the country; giving location of the Walla Walla River, 32.25 chs. S. of its true position.</p> <p>Therefore I establish this part of the W. Bdy. as follows: N.1°04' E. bet. Secs. 31 & 36.</p>
